

FISH NUTRITION FACTS

Farmed Abalone has naturally high levels of many nutrients which contribute to a healthy lifestyle.

A GOOD SOURCE OF OMEGA 3

Omega 3 fatty acids (specifically EPA+DHA) contain anti-inflammatory properties which can reduce the risk of heart disease and arthritis symptoms and are believed to reduce the risk of developing some cancers.

A SOURCE OF IODINE

Iodine is an essential mineral for the healthy functioning of the thyroid gland which regulates healthy body development, in particular the central nervous system.

A GOOD SOURCE OF PHOSPHOROUS

Phosphorous (phosphate) helps to protect the blood's acid/base balance and transports energy.
